### Cycle Part Details:

- Frame: Aluminum (front part), Steel (rear part)
- Dimensions (L. w. h): 1950 x 760 x 1100 mm
- Frame height: 47 cm between crankset and seat clamp
- Standover: 220 mm
- Stem: Satori, adjustable without tools
- Wheels: 26" front and 24" rear double wall rims
- Tyres: SCHWALBE ROAD CRUISER PLUS: 26 and 24x1.95 with reinforced tread
- Suspensions: Zoom fork and Promax tilting seat post.
- Saddle: Wide and comfortable
- Saddle height: 89 to 102 cm
- Front brakes: Brake levers: Aluminum with parking brake
- Rear hydraulic disc brakes which improve braking response and comfort and therefore the driving safety of the tricycle
- Differential on the rear hub which makes the wheels independent in turns and therefore allows easier, more intuitive handling of the tricycle
- Crankset: 36 teeth
- Speeds: Shimano Nexus 3 in the rear hub

### Electrical Part Details:

- Engine
  - BAFANG motor front wheel 250W
  - Torque: 40N.m
  - Digital display console
  - Support Levels: 5
  - 6km/h start button
  - Information broadcast: Clock, assistance level, real-time speed, average speed, total distance traveled, distance traveled during this trip, battery charge gauge
- Battery
  - Made in France with LG cells
  - Type: Lithium-ion 37V/10.5Ah as standard, 36V/14Ah or 36V/17.5Ah
  - Autonomy: Up to 55kms (10.5Ah), 75kms (14Ah), 95kms (17.5Ah)
  - Charging time: 4.5 hours maximum
  - Lifespan: More than 500 charges
  - Battery weight: 4.4 kg
  - Specifications: Extractable from the top, locked

- Total weight of the bike: 38 kg (battery included)
- SPANNINGA LED lighting powered by the battery
- Accessories: Front basket, Large capacity rear basket (550x500x350mm)
- Maximum authorized weight: 150 kg
- Guarantee
  - Framework: 5 years
  - Engine: 2 years
  - Other electrical components: 2 years
- Standards
  - EMC and Low Voltage
